WAUREGAN BLOCK

NO RACE SUICIDE

IN SHAW STREET.

School Census Shows Total of 287 Youngsters of School Age There.

If Colonel Roosevelt should ever play a return engagement in New London he will undoubtedly be particularly "de-lighted" to pay a visit to Shaw street, for along that cosmopolitan thoroughfare there is no evidence of race suicide, quite the contrary, according to statistics furnished by School Census Enumerator Thomas E. Donohue, who is now completing his annual canvass. Shaw street, while far from the longest highway in the city, holds the record for youngsters.

There are exactly 287 of them of school age, that is, from 4 to 16, residing there. "Heaven only knows how many babies there are beside this number," added Mr. Donohue. "I imagine it would take me an extra year to count them. But when one looks over this sea of smiling, sometimes soiled but always energetic little faces, it impresses one with the manner in which American civilization is doing its work and convinces one that this country is assuredly the melting pot of the world."

ATTENDED CONFERENCE ON FIRE PREVENTION TEXT-BOOKS

Chief H. L. Stanton on Committee Appointed by State Fire Chiefs to Take Up Matter.

The committee appointed at the Stamford convention of Connecticut Fire Chiefs to take up the matter of fire prevention text-books for the schools of the state and comprising Chief Howard L. Stanton of this city, State Senator Robert McGee of Waterbury and George S. Pitt, chief of the Middletown fire department met in conference with Charles D. Hine, secretary of the state board of education at Hartford on Wednesday. The matter was thoroughly discussed at the conference.

The fire chiefs of Connecticut feel that fire prevention text books for the schools would be a great measure to reduce fire losses throughout the state. They would not only educate the child in the matter of fire prevention but the parents as well for its is pointed out that text-books of this nature taken into his home would be of interest to the adult as well as the child.

Dental Association Meeting.

Dr. O. H. Youngs of New London was elected president of the New London County Dental association at its annual meeting in this city Tuesday night. The meeting was held at the Mohican hotel and the election of officers was the only matter to come before it.

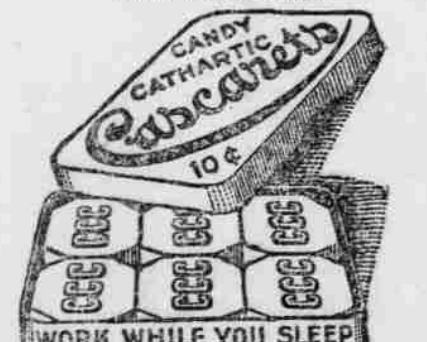

The following officers were elected: President, O. H. Youngs; vice president, George N. Bates; secretary, J. Augustus Prince.

A collation was served after the business meeting was held.

IT'S YOUR LIVER!
YOU'RE BILIOUS,
HEADACHY, SICK!

DON'T STAY CONSTIPATED WITH
BREATH BAD, STOMACH SOUR
OR A COLD.

ENJOY LIFE! LIVE YOUR LIVER
AND BOWELS TONIGHT
AND FEEL FINE.

Tonight sure! Remove the liver and bowel poison which is keeping you head dizzy, your tongue coated, breath offensive and stomach sour. Don't stay bilious, sick, headachy, constipated and full of cold. Why don't you get a box of Cascarets from the drug store now? Eat one or two tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. You will wake up feeling fit and fine. Cascarets never gripe or bother you all the next day like calomel, salts and pills. They act gently but thoroughly. Mothers should give cross, sick, bilious or frowny children a whole Cascarets any time. They are harmless and children love them.

RECEIVER'S SEMI-ANNUAL REPORT

Assets of Thames Loan and Trust Company on October First Were \$131,813.37—Every Effort Has Been Made to Convert Assets Into Cash as Rapidly as Possible—General Expenses for Past Six Months Have Been \$4,562.25.

The seventh semi-annual report of the Thames Loan and Trust Company, filed in the office of Clerk George E. Parsons of the superior court shows that on Oct. 1st the total assets of the company were \$131,813.37. The report contains the particulars relating to the administration of the affairs of the company so far as they do not appear in preceding reports, and covers many typewritten pages. The report covers the period from April 1st last to the 30th day of September. A statement of the assets is given in the accompanying table.

Under the heading reasons for delay in converting assets into cash the report says:

Every effort has been made to convert assets into cash as rapidly as could be done and obtain a fair value. In the case of many debtors the only way to realize any reasonable amount is to take payments in installments, a legal process would result in bankruptcy or otherwise in loss.

Regarding such securities as are now held, like the stock of the New York, New Haven and Hartford Railroad company and the stock of said company, that of the St. Louis Iron Mountain and Southern Railroad company and small holdings of the Sterling Securities company, the American Car and Foundry company and the United States Finishing company.

It has been thought best, as the estate cannot be immediately settled, to wait in hope of a better market.

Collection of the note of the Rays, that of the Garper and the note of John Manwarring, Jr., endorsed by Lawrence B. Brockett, as the result of suits terminating favorably, is sufficient noted elsewhere in the report. The other suits against said Manwarring have been reduced to judgments. Liens filed against the real estate attached have been foreclosed and such real estate now owned by the company has been offered for sale. The bankruptcy of A. L. Potter and A. L. Potter & Co. has resulted in litigation to recover upon the Potter notes, of several thousand dollars in amount and suits are not yet determined.

Debtors of this company who are in bankruptcy, the cases being still in the course of settlement are the Fenton-Charnley Co., Columbus Securities Co. and Albert L. Potter and A. L. Potter & Co. The bankrupt estate of Max Rabinovitch has been closed and a dividend of 33 1-3 cents on the dollar realized. The endorser, the National Shoe and Clothing company, paying the balance by installments.

A statement of the assets of the Thames Loan and Trust Co. as shown in the semi-annual report filed in the superior court office by Receiver Amos A. Browning is as follows:

	Assets April 1, 1916	Amts. Realized To Oct. 1, 1916	Assets Oct. 1, 1916
Demand and Time Loans	\$33,676.61	\$10,277.16	\$20,887.71

ANOTHER PARALYSIS CASE IN NEW LONDON.

Six Year Old Boy is Latest Arrival at the Memorial Hospital Contagion Ward.

A new case of infantile paralysis was discovered in New London Wednesday. Neil Axson of Hope street, 5 years old, is the victim, and he was removed to the contagion ward of Memorial hospital Wednesday afternoon. The child is a pupil in the first grade at the Saltonstall school. Monday afternoon he was taken to school and on Tuesday he was sent home. A physician called and he immediately diagnosed the sickness as probable infantile paralysis. All his symptoms pointed very strongly toward the disease. This diagnosis was confirmed Wednesday when other physicians were called in consultation.

The case was reported to the health department, which immediately took the necessary precautions. The child was taken to the contagion ward and the home in Hope street was fumigated and disinfected.

The source of the contagion is unknown. The child is known to have been a frequent visitor at Ocean Beach with a relative during the summer, and it was thought at first that it came from there. The child's mother, the Donnelly children who have the disease. It was learned later, however, that the Axson child has not been at Ocean Beach since the summer, so that this theory as a source of infection is practically eliminated.

Health Officer Edwin C. Chipman has started a rigid quarantine of the child and his mother. It is hoped that the source of the contagion may be revealed Thursday to which the infection may be traced. It is probable that he will remain in the contagion ward at the Saltonstall school, or at least exclude some of the children.

HAHN FIRST IN WEST SIDE PINOCHLE

Displaced Lewis Who Goes Down to Fourth Position in the Standing.

In the second night's play Wednesday at the West Side Pinochle tournament August Hahn took first place, displacing Dr. Lewis, who dropped down to fourth place. Second place is now held by Greenwood, and third by Jordan. Wednesday night's results follow:

A. Jordan, 6890; J. Jordan, 6865; Hahn, 6835; Greenwood, 6810; Dr. Lewis, 6715; Peckham, 6610; Dr. Lewis, 6595; Pettis, 6575; Pendleton, 6545; Hallisey, 6530; Reeves, 6515; Bailey, 6470.

Totals to date:

Hahn, 14,459; Underwood, 14,275; A. Jordan, 14,175; Dr. Lewis, 13,935; J. Jordan, 13,840; Peckham, 13,635; Pettis, 12,170; Larsen, 12,095; Pendleton, 12,495; Bailey, 12,310; Hallisey, 11,455; Reeves, 11,955.

AT THE AUDITORIUM.

Homan Musical Comedy.

The Homan Musical Comedy company presented Wednesday afternoon and evening The Elopers, a neat musical comedy offering full of bright lines and amusing situations, which pleased house sized houses at all performances. Eddie Flavelle was particularly good as the bogus captain of the ship aboard which most of the action of the play takes place. O'Connell was heard in several new song selections, and Miss Elgin scored her biggest hit with a very pretty rondo dance.

On the picture programme was seen the five reel William Fox feature Caprice of the Mountains, an exciting drama of love and intrigue of the northwest country in which June Caprice and Harry Hilliard were well cast. An amusing comedy reel completed the bill. Tomorrow, it was announced, a complete change of programme will take place.

The swallow has a larger mouth in proportion to its size than any other bird.

BASE WILL REMAIN IF SHAY PLANT GOES.

Rear Admiral Grant Explains His Position in Regard to Navy Yard Situation.

If anybody in New London entertains apprehension about the submarine base remaining, even though arrangements were made to close the day the Navy plant is closed, anxiety will be set at rest by the important communication received Wednesday morning by Mayor Ernest E. Rogers from Rear Admiral A. W. Grant, U. S. Navy, who explained his position. The contents of the letter are as follows:

U. S. Naval Yard, Philadelphia, Oct. 3, 1916.

My Dear Sir: Thank you for your telegram concerning the abolishment of the Shay fertilizer plant in New London. As soon as the establishment ceases to operate its plant and is a thing of the past, I will give my best efforts to the Navy to have the submarine base at the naval station.

Very truly yours,

A. W. GRANT,
Rear Admiral, U. S. N., Commander Submarine Force, Atlantic Fleet.

There is assuredly no attempt at equivocation in this communication. The situation is laid squarely before the business men of New London. If the Shay plant is done away with, the submarine base will not only remain, but its importance will undoubtedly be largely enhanced.

Because of the absence from the city of F. Valentine Chappell and Capt. T. A. Scott of the committee in charge of the Shay matter, no attempt was made Wednesday to appoint sub-committees for the campaign to raise the required \$16,000 to obtain a lease of the plant. Mayor Rogers and Henry Bond put in the greater part of the day on the problem, however, with the result that they obtained very satisfactory contributions. With suitable supplies of food, fuel, and other necessities, the Shay plant will go and the submarine base remain.

LIVELY INTEREST IN BOYS' DEPT. TOURNEY

Young Leading With 646 Points to His Credit.

The boys' department at the Y. M. C. A. this year is one of the liveliest ever, owing to the big game tournament which is being conducted. There are 36 entered in the tourney which started Monday night and will finish when the games are played. The games include pool, bull board, fan-tail, ping pong and checkers, each game counting in the standing.

Supplies for the tourney, including Wednesday's games follow:

Contestant	Points
Spilvey	15
Young	646
Randall	644
